# Who We R

■ The ITMB Who We R Youth Forum consists of young Irish Travellers aged between 10-16 from London.

Our group think it is not right the way Travellers are treated today we are here to make a change

■ The group was put together when it was considered there was not enough out there for young Irish Travellers, by one of the Who We R members.

■ With the discrimination they faced daily, providing a safe environment for young Travellers to come and talk about their experiences and how they could tackle such prejudice, was worthwhile.

In our group we speak about our way of life, living as real Irish Travellers, fulfilling the true Traveller way.

■ A major issue is racism across all the Traveller community. Within the young people a lot of this seems to be coming from the schools.

■ Events in schools since the group has Formed has included members of the Who We R Youth Forum Participating in assemblies, talking about their heritage

■ When started, some members stated not even their friends knew they were Irish Travellers, so this is a great achievement

■ The group gives young Irish Travellers the confidence and determination to stand up for who they are.

■ Irish Traveller Movement is a national organisation which works with Irish Travellers, raising their profile and helping them to influence policy.
